

## Annual Notice of Nondiscrimination and Career Technical Education

Butte County School District is committed to providing a workplace and educational environment, as well as other benefits, programs, and activities, that are free from sex and gender-based harassment, discrimination, and retaliation. Accordingly, the District prohibits harassment and discrimination on the basis of race, color, sex, gender, national origin, disability, sex, sexual orientation, gender, gender identity, and pregnancy, as well as retaliation against individuals who report allegations of sex and gender-based harassment and discrimination, file a formal complaint, or participate in a grievance process.

Students, employees, or other members of the District community who believe that they have been subjected to sex or gender-based harassment, discrimination, or retaliation should report the incident to the **Title IX and Section 504 Coordinator, Counselor Sandra Walls**, who will provide information about supportive measures and the applicable grievance process(es). Violations of this policy may result in discipline for both students and District employees.

Title IX and Section 504 Coordinator: Sandra Walls, K-12 Counselor

### CAREER AND TECHNICAL EDUCATION

Butte County School District's CTE program is open to all students, regardless of race, color, sex, gender, national origin, or disability. While there are no criteria for taking CTE classes, there may be pre-requisites as outlined below.

#### **Intro to Welding (Both Semesters):** *class limit 12 ±*

Course Number: 097  
Prerequisites: None  
Credit: Semester- Elective- 1 Credit

In this course students will be introduced to the various types of welding methods and equipment used. Students will learn about personal protection and safety while operating welding equipment.

#### **Welding I (Both Semesters):** *class limit 12 ±*

Course Number: 841, 842  
Prerequisites: Intro to Welding (097)  
Credit: Semester- Elective- 1 Credit

This is an introductory course, in a three-course program. A course designed to introduce students to basic welding. The course introduces students to the metallic processes used in metals fabrication and provides them instruction on measurement and layout of material to be welded. Blueprint reading and fundamentals of welding applications is the main component of instruction.

**Welding II (Both Semesters):** *class limit 12 ±*

Course Number: 843, 844

Prerequisites: Intro to Welding (097), Welding I (841, 842)

Credit: Semester- Elective- 1 Credit

This is the second course in a three-course. A course designed to provide students with welding applications. Students will be provided the initial stages of instruction that will prepare them for certification as an entry level welder.

**Welding III (Both Semesters):** *class limit 12 ±*

Course Number: 839, 840

Prerequisites: Intro to Welding (097), Welding I (841, 842), Welding II (843, 844)

Credit: Semester- Elective- 1 Credit

This is the third course in a three-course program. A course designed to provide student with teamwork, problem solving, diagnostics, and designing, repairing, fabricating, or building to industry standards.

**Jewelry (Both Semesters):** *class limit 9 ±*

Course Number: 0998

Prerequisites: High School Students only

Credit: Semester- Elective- 1 Credit

Learn to hand fabricate jewelry. Guided projects will introduce you to basic jewelry making techniques including sawing, piercing, stamping, surface texturing, making rolling mill patterns, soldering, polishing, finishing, simple stone setting, and more.
